**College Choice Program**  
**Guidelines for the 2022-2023 Academic Year**  
*(current as of June 28, 2022)*

Dear Students:

Based on your feedback, ACS is excited to offer the College Choice Program for youth in foster care who are attending college. College Choice makes significant enhancements to several programs you’re already familiar with: Fostering College Success Initiative (the “Dorm Project”), Fostering College Success Stipend, and College Room and Board. The purpose of these changes is to give you more flexibility and options around what types of support you need while attending college, including where you can live.

Here’s a listing of all the benefits that are available to eligible students at no cost to you – more details, as well as eligibility requirements, can be found after the listing. (Note that these guidelines may be updated in the future; revised versions will be shared with you and posted on the [Fostering College Success Initiative website](#)).

For access to an application to enroll in any/all benefits, and for support with any questions or concerns, please contact Sonia Gonzalez at [collegechoicebenefitsprogram@acs.nyc.gov](mailto:collegechoicebenefitsprogram@acs.nyc.gov). Thank you!
